News Deadline

LIMITS OF PROPOSED CITY OF CAMPBELL

Pictured above is a map of the Campbell area proposed for incorporation in the special March 11 election. The area includes a population of approximately 7000 persons, one and one-half times that of the town of Los Gatos and twice the population of the area proposed for incorporation in 1948. Assessed valuation is estimated at greater than five million dollars, or two and one-half

times that of the proposed city in 1948. In area, the proposed district totals approximately three square miles, twice that of Los Gatos and 35 percent larger than in 1948. State controllers' records reveal that more than half of the incorporated cities of the State of California are smaller in both area and population.

HOUSE TO HOUSE CANVASS FOR POLIO FUNDS TO BEGIN HERE TODAY

A community-wide house to house canvass of residential areas of the Campbell Union High school district will start today and Monday in an effort to gain funds for the high school student-directed March of Dimes campaign. Members of the high school Hi-Y and Tri-Y groups will perform the canvass. A spokesman stated that no businesses will be called upon, however, because

most of them are already actively supporting the campaign through containers in their stores.

To date, \$267 has been collected in the drive and tentative plans call for a collection to be made at the Campbell-Los Gatos basketball game to be held in Campbell tonight.

Mrs. R. L. Allinger, director of the Mothers' March on Polio, stated today that the porch light collection will start in the Campbell-Saratoga-Los Gatos area on January 31. Campaign will consist of mothers of school children who will call at the homes of residents of the area who have signified a desire to contribute to the drive by turning on their porch lights. The drive is being handled separately from that of the high school student-operated drive.

Area directors of the drive are Mrs. Leonard Merritt, Campbell Grammar School district; Mrs. Kenneth Bitzer, Moreland school district; Mrs. H. Findley, Moorpark school; Mrs. Henri Baile, Burbank, and Mrs. R. J. Montreza, Cambrian. Directors will handle the drive in areas designated to correspond with the various grammar school districts.

Fourth grade teachers of Campbell Union School District met on Wednesday afternoon to discuss teaching problems and materials of their grade level.

Topics taken up were fourth grade readers, visual material for social studies, and arithmetic skills.

The meeting was one of a series planned for various grade levels by Curriculum Coordinator Helen Petersen.

TEACHERS GET CD BOOKLET

"Emergency Action To Save Lives," is the title of a new booklet being distributed to teachers of Campbell Union School District. The booklet is an official U. S. government publication reprinted and distributed by the State office of Civil Defense. Though facts of the booklet are applicable to injuries that might result from an air attack, they are also standard procedure for injuries occurring as the result of accident.

Amendment To Set Maximum Tax Rate Gains Speed

"Keep the dollar moving," said W. W. Kimball, president of the Western Tax Council, at a recent press conference in Chicago. "For each time it changes hands it produces government income in the tax take. In spite of this, Washington is freezing the revenue it receives from industry which is taxed at rates ranging up to 93.4 percent."

"The adoption of the proposed Constitutional amendment which 26 state legislatures have requested, placing a 25 percent ceiling on income, gift and estate taxes, during peacetime—the ceiling being lifted during war or national emergency—would give the low-income bracket of taxpayers genuine relief, more take-home pay and a lowering of the cost of living. Today, those in this group are actually the ones who pay. A family with an income of \$3,500 gives up about one-third in direct and hidden taxes."

"The taxpayer has been blindly hoodwinked into believing an unlimited tax ceiling compels industry and the so-called wealthy to pay the bulk of Federal income tax."

"As a matter of fact, if all taxable income over \$10,000 a year were to be taxed at the rate of 100 percent, the additional yield would amount to only \$2,500,000,000. In other words, complete confiscation of everything over \$10,000 a year would not even begin to balance the budget. It would finance the government for less than a ten-day period."

"When the 16th Amendment to the Federal Constitution was enacted in 1913, permitting unlimited taxation on income, a two percent rate was considered ample. No one dreamed that it would soar into the upper realm where it is forcing investments in tax-exempt securities. Instead it should be creating business and plant expansions, resulting in more employment and production of more items at lesser cost. In this way, the government would collect increased tax revenue from the turnover of invested capital."

"Eight state legislatures will be in session early this year and it is expected that at least six of them, making the required 32, will pass resolutions regarding the Federal tax limitation. Then, the Congress must submit the proposal to the 48 states for approval."

Dollar Day Plans Progress

Plans are progressing for the second annual Campbell Dollar Days to be presented on February 8 and 9 by merchants of the Campbell area. The yearly shopping event, under the direction of the merchants' committee of the Chamber of Commerce, will feature reduced prices on various merchandise in the stores of those merchants participating in the plan. Dollar Days was first started at the request of the merchants' committee in 1951, and received such wide acclaim that the merchants decided to make the affair an annual event.

PRESS WILL PUBLISH ON THURSDAYS

Effective next week, the Press will publish on Thursday instead of the previous publication date of Friday. E. W. Barnes, co-publisher, stated that the move was made at the request of numerous subscribers and advertisers and said that he felt the new and earlier publication date would enable residents of the area to receive news of the week and advertising messages a full day earlier. In compliance with the new publication date, the Press will be placed on street stands Thursday morning and subscribers of the area will receive their Press through the mail Thursday morning. News deadlines for the new publication date have been advanced one day with society and sport news deadline set at 10 a.m. Tuesday and regular news at 5 p.m. Tuesday.

Campbellites To Attend Safety Conference

James Allen, Louis McChesney and Charles Elmsner, members of the Campbell Junior Chamber of Commerce, will attend the County-wide Traffic Action Conference sponsored by the Santa Clara County Safety Council in the San Jose Civic Auditorium on February 9. Other Campbell residents who will attend the conference are Mrs. Lois Suffield, representing the Sixth District Parent-Teachers Association, and R. A. Steindorf of the Santa Clara County Farm Bureau.

Registration will begin in the lobby of the auditorium at 8:30 in the morning of the conference, and the first session is scheduled to get underway at 9:30 in the Montgomery Theater of the auditorium.

"This is the first conference of its kind to be held in Santa Clara County," said Kevin Twoby, managing director of the Safety Council, "and is inspired by the record-breaking death toll throughout the county in traffic accidents in 1951, which leads to disastrous proportions."

141 persons lost their lives in traffic accidents in the county in 1951, which is the highest number of traffic deaths ever recorded here.

"The purpose of this conference to go farther than mere hand-wringing, and is to devise a definite, highly specific plan of action to combat this annual calamity on our highways," Twoby said.

This is to be a panel type conference, according to Safety Council spokesmen, and a number of distinguished participants from various parts of the state have agreed to take part.

Discussion also centered around suggestions to increase officers' term from six months to one year. ROTARIANS SEE S. J. TECH HIGH DEMONSTRATIONS

Students of San Jose Technical High school presented a series of demonstrations to members of the Campbell Rotary Club at their Monday noon meeting. The students, under the direction of Principal Jack Anderson and instructor Bob Powell of Campbell, gave demonstrations of tire retreading; plumbing techniques, showing methods of making a soldered joint using streamlined copper tubing; testing the butterfat content of milk and the use of the air brush in stencil decorations.

The technical demonstrations were interspersed with short skits by the students. One, "The Silent Doctor," performed an operation minus patient and brought forth many laughs from the audience. Highlight of the "variety show" were several pantomime band performances by "The Aircraft Flukes," complete with plumbing apparatus for instruments. The director of the "orchestra" made good use of a "plumber's friend" as a baton.

Cherry Tree Committee Plans Poster Contest

Members of the Kwanzan Cherry Tree project met Monday at the home of chairman Mrs. Fred Smith and discussed ways and means of getting the community of Campbell more conscious of the Campbell Garden Club's project to make Campbell the cherry tree town.

A poster contest is being held in the elementary schools upper grades with three prizes to be given to the three best posters. The contest to end February 1. Leaflets describing the Kwanzan Cherry tree are also being distributed throughout the schools.

The Kwanzan flowering cherry tree was picked by the Campbell Garden Club three years ago, and it is hoped that eventually the town of Campbell will become a pilgrimage point for beauty lovers when the trees blossom in the spring. The Kwanzan cherry was picked as being not only beautiful, but the best for this climate as well as being disease resistant and requiring little care. The tree will be stocked by nurseries of the area, and those desiring to purchase the trees are asked to contact any Garden Club member to learn which nurseries have the tree. Several of the trees have already been planted on the Campbell Union High school and grammar school grounds as gifts of the Garden Club.

As part of the campaign to acquaint Campbell residents with the beauty of the Kwanzan flowering cherry tree, a display is now being shown in the window of Benson's Campbell Cleaners.

Committee members working on the project include Mesdames Robert Dunn, Henry Parysek, L. C. Schaper, Virginia Kolze, Henry Bloom, Milton Parker, Roy Prince, John Cantoni, Ben O'Dell, Eugene Barnes, Jerry Vick and Norm Corvello.

KIWANIS TOLD OF RAIN-MAKING

An official of a cloud seeding firm outlined the procedures of rain making to the Tuesday meeting of the Campbell Kiwanis club. Members were told of the methods of seeding and heard that cloud seeding firms first check weather bureau reports to determine the proper weather conditions for seeding.

Clouds are seeded with a preparation of silver oxide which is burned as it is sprayed on clouds by airplane. The silver oxide promotes the formation of ice particles around dust in the clouds which in turn changes to rain as it falls to earth.

Next week's program will consist of musical entertainment by students of Campbell Union High school.

Plans are being made by the members of the Congregational Church for the visit of Stewart Leroy Anderson, president of the Pacific School Religion who will conduct the regular morning service February 3. On January 31, Youth Sunday will be observed, according to Rev. Corwin C. Olds.

Mrs. Edward Nelson To Preside Over Guide Dogs For Blind Kick-Off Lunch

Mrs. Edward J. Nelson will preside over the kick-off luncheon of the annual membership campaign for Guide Dogs for the Blind this noon in San Jose. This non-profit organization, which trains dogs to guide the blind and educates the blind to use them, began its work in Los Gatos in 1942. Mrs. Maurice Gale of Belvedere, a vice-president of Guide Dogs for the Blind, will represent the board of directors and will outline the objectives of the campaign this year... a campaign being held in late January and throughout the month of February in Bay area counties and others nearby.

William F. Johns, director of the organization and head of the training school in San Rafael, will describe the training program. Lt. Lloyd Henderson, a veteran, blinded by an enemy mine explosion in World War II, will speak on his education at the school, and the ways in which his German Shepherd guide, Tinka, helps him in carrying on his professional duties, and in living a normal life with sighted people.

Edward Lanini of San Jose, also a graduate of the school, will be present with his guide dog, Agate. Lanini graduated from San Jose State in 1950 and is employed as a dark room technician for a photographic firm.

"When you consider that there is no charge to the blind, either for the dogs or for their four week residence training at the school, it is obvious that the memberships subscribed by individuals and groups who want to give these handicapped individuals a fair chance are the life blood of the organization," Mrs. Nelson pointed out.

Membership drive captain for the Campbell area will be Mrs. A. L. Gladding.

VFW Week Opens In Campbell

VFW Week will be celebrated throughout the nation January 24 to January 31; according to a recent National directive, and Department Commander Darold De Coe has asked all posts in the department to pitch in and make it a success.

Spark plug of a combination recruitment and prestige enhancement campaign VFW Week should promote the organization with the public as no other short term project has done in the recent past.

The campaign will not only acquaint the public with the work of the organization, but will intensify the membership campaign now under way.

Every post commander, as well as all members, are pledged to cooperate fully beginning at once, in order to make VFW Week outstanding. There will be newspaper publicity and radio announcements concerning the organization, posters, booklets, open houses, and other means of acquainting the public with the work of the organization.

The local post, Lt. Byron C. Lanphear No. 6305, joins with the other posts in the 12th District in this program, and veterans in the Campbell area will be contacted for their membership. Committees are at work compiling lists of veterans on whom to call.

"This group of veterans with overseas service is fast growing into the largest veteran group in the nation because of their hard-hitting national program which stresses Americanism first, last, and all the time. Veterans welfare and rehabilitation, aided by the coming Buddy-poppy sale soon to come, community service programs and many others are all active functions of every VFW post," a spokesman stated this week.

Local Appliance Dealer Predicts Less In 1952

The present trend toward stepping up national production for defense will mean an increasingly smaller supply of major appliances for the American consumer during 1952, according to J. W. Shmidt, of Shmidt and Hammer.

Shmidt returned recently from an advance showing of 1952 Kelvinator appliances at the company's zone office in San Francisco. He said industry cooperation with defense planning already had resulted in shortages of some appliances, while others currently in free supply were gradually approaching a short position.

Shmidt said Kelvinator planned to maintain product quality even at the expense of reduced output during 1952. He said the company's major product advance is a new self-defrosting system for household refrigerators, which is expected to influence design throughout the industry.

REPUBLICAN MEETING

The regular meeting of the Campbell Republican Women will be held at the Odd Fellows' Hall lodge room next Monday afternoon at 2 p.m. At the conclusion of the meeting, members will attend the annual tea of the Children's Service Guild of the Santa Clara County Hospital which will be held in the Country Woman's Club house.

Grange Opposes Labor Law Ruling

Members of the Orchard City Grange unanimously adopted a resolution by the Cupertino Grange opposing new definitions of the farm labor law and members voted to send a telegram to Congress informing them of their views.

Newly installed officers were escorted to their stations with a new entrance drill. Following the drill, Secretary Herb Shadle read an article from the National Grange Monthly describing the growth of the Grange Credit Union.

Entertainment for the evening was arranged by Clara Blue and consisted of a series of presentations by a group of high school students under the direction of Ken Wallace. Included in the performance was a hula dance by Arlene Klein accompanied on the piano by Janice De Reschke; a monologue by Kay Stoner followed by Noreen French with a vocal selection to the piano accompaniment of Joan Bielefeld. Leseth Hines and Dave Emery then followed with a pantomime.

Miss Arlene Klein, member of the Almaden Grange and a leader of the Grange youth movement, urged members of the Orchard City unit to institute a youth group in the local district.

John Gordon, new district deputy and past Pomona Master, acted as Gate Keeper and was again appointed as booster barrel chairman. Officers' stations were decorated by Mrs. Gilbert Krug acting as Flora, while Leona Keesling supplied flowers.

Following the meeting, refreshments were served by Margaret Parry, assisted by Olga Gordon, John Gordon, Mabel Root and Robert Root.

Announcement was made that the next Pomona meeting will be held February 2 in Gilroy.

The first printing press was imported into this country in 1639.

Mrs. W. C. Bohnett, Mrs. Roger Atkinson, Mrs. William Burnett. A "Consecration Service," for all officers will be held at the regular church worship service next Sunday morning, January 20.

How to make good telephone service even better....

memo to a popular 'teen-ager'...

Dear Susan: We're leaving this little note for you to read the next time you're at the telephone.

We want you to know we're delighted that the telephone rings so often for you these days ... and that you have so many friends to call.

But we hope you'll remember that we share this line with our telephone neighbors. They like to use it, too. And, of course, we know you'll keep in mind that no one can call us as long as the line is tied up. Lovingly, Mother and Dad.

Country Women Hear Rev. Neale

Rev. Herbert Neale, pastor of the Methodist Church of Campbell, was the speaker at the meeting of the Country Women's Club of Campbell recently. His subject was "Faith That Rises Clear and New Each Day."

He stressed many valuable and assuring remarks, among which were: "Without faith, there would be no adventure. Faith is a necessary condition for progress. Mrs. Lowell Benson, president, presided over the business meeting which was held Monday, January 21, in their club hall. Four new members were voted in. Tea was served by the committee of the day. At both of the meetings in February, the members are asked to bring clothing of any age for use in Juvenile Hall. Generous contributions are also urged.

Mrs. LBen Howard, program chairman, introduced the speaker, Rev. Herbert Neale and Mesdames Gregory Parker and Earl Buck, who sang several beautiful selections accompanied by Mrs. David Sanders.

Assisting Mrs. Howard were Mesdames F. A. Jacobson, Rex Saunders, B. T. Morgan, J. F. Duncan, Laura Page, and Harry Todd.

Mrs. Charles Bradley will be in charge of our birthday tea which will be held in the club hall Monday afternoon, February 4.

By "Mac"

Bouquet of the week goes to Duane Beaubien and his little shavers from Campbell Grammar school, who succeeded in copping first place in the Santa Clara Valley lightweight cage tournament at James Lick recently. The locals downed Gilroy, 24-23 in the finals after toppling Los Gatos, 26-18, Sunnyvale 27-17 and Crittendon of Mt. View, 39-7 in the preliminaries. The Beaubien boys scored a total of 116 points to their opponents' 65, while Bob Ometti led the tournament with scoring honors of 54 points.

George Miskulin's grunt and groaners are the boys to watch during the ensuing mat season. The Buc matmen, who were 1951 champions, have had little trouble in downing their first two opponents, 38-12 and 35-8. The 35-8 win over the Sequoians last week is especially significant in view of that fact that PAL rulings forced Miskulin to place many of his men in a weight class above that which they are qualified, according to SCVAL regulations.

The effect of the ruling was to pit many of the Buc wrestlers against men who outweighed them as much as ten pounds. In every case where the locals were upped in class, however, they come thru in style, taking a grand total of all but two of the rounds.

Buc matmen will test their undefeated record against a strong Fremont squad tonight on the local courts. Both the Bucs and the Indians sport undefeated records for the 1952 season, but the Indians show the edge on individual material. Lightweight star for the Indians is Buddy Palmer, 103-pounder, who has placed as a valley finalist for the last three years. Bob Garcia, fair-haired lad in the Fremont 138-pound class, was last year's champ and has been undefeated this year. In the 145-pound class, the boys from Cupertino way will put up Paul Lara, who has been a finalist also for the last two years. Star of the Indian lineup is Eddie Lara, undefeated valley champ

Mt. View Upsets Buc 130 Squad

A surprisingly strong pair of Mountain View teams dumped the Buc varsity 56-23 and upset the promising 30 squad, 55-33 on the local courts a week ago Friday. Sparked by the amazing Lozano, who has scored at least 20 points for the Eagles in all of their games this season, the Mountain View 30 squad put the pressure on during the third period to score 24 points and seal up what had been a fairly close game. The Eagles led the Bucs by a scant four digits at the close of the half, but the fiery third quarter proved too much for the locals. Game honors went to Lozano with 27 digits.

The varsity fared little better as their opponents took an early lead to wind up the half on the long end of a 28-9 score. The Eagles went on to score 18 points in the third period and hold the Bucs to a meager five. Game honors went to Tutman of Mountain View with a total of 17 points.

Hardware Tops Evergreen Squad

Campbell Hardware rolled over an outclassed Evergreen squad, 80-28, in their second tilt of the B league last week. The Hardwaremen, paced by Layman with 23 points, had little trouble in trouncing their opponents. In A league competition, the Zelanders were downed by McCune Citrus, 48-31, while Jones Service conquered Los Gatos Merchants, 45-38.

30's Win, Varsity Succumbs In Pittsburg Tilt

Buc 130's held off a final period comeback try by a fighting Pittsburg cage squad to roll on to another victory, 36-32 last Friday night on the local courts. The locals had rolled up what looked like a safe lead as the third stanza closed when they stood at the long end of 32-26 score, but the Pittmen caught fire in the final frame to score six digits while they held the locals to a mere four.

High point honors went to Carlisle of Pittsburg with 11 digits, while Kelly held up the Buc honor with nine.

In the main event, the Buc varsity, putting the game on ice with four tallies in the overtime period. Tuesday's one other tilt saw a G.E. squad roll over the Evergreen Repairmen, 64-45, despite Repairman Mellen's total of 24 points.

sity took another slap as they went down to defeat at the hands of the Pittmen, 56-35. Paced by Janer with 13 tallies, the invaders had little trouble in downing a weak varsity. Hill led the locals with a total of nine points.

For Outperforming all other American Cars...

In the Grinding Tests that Won it the Motor Trend Magazine Award, Chrysler proved itself the Best Engineered Car in America

CHRYSLER SURPASSED ALL OTHERS WHEN MOTOR TREND TESTED FOR:

- ★ Average Braking Distance in Feet
- ★ Ton Miles per Gallon
- ★ Average Acceleration in Seconds
- ★ Acceleration Over Standing 1/4 Mile in Seconds
- ★ Average Top Speed in M.P.H.
- ★ Maximum Road Horsepower
- ★ Pounds per Road Horsepower
- ★ Maximum Torque in Lbs.-Ft.
- ★ Maximum Brake Mean Effective Pressure
- ★ First in Total Points

15 different American stock automobiles—equipped as you buy them—were driven by Motor Trend Magazine as hard as steel and rubber can be driven. In these actual road tests of efficiency and performance, measured by the most accurate instruments obtainable, Chrysler proved itself superior to all others. In 13 tests Chrysler was first in 7—tied in 2, making a total of 9 out of 13... and first in total points!

Only by taking an engine to the limit of its potential, only by turning the corners at high speeds, applying brakes for emergency stops, torturing body, springs and shock absorbers, can you learn just what performance you can expect from the make of car you drive. The results of the Motor Trend tests were conclusive... as Chrysler, again, proved itself the one best car in America.

The Motor Trend Award, like numerous other honors today's Chrysler has won, is both a proof of and a tribute to Chrysler's magnificent Fire-Power engine and master engineering. Each demonstrates why, among men and women who know automobiles... Chrysler is always the first choice.

Home Insulation For Every Need

Granular Fill Insulation

Zonolite is forever fireproof—termite-proof—vermin-proof—rot-proof—mold-proof—and will outlast your home. It is easily installed in attics and sidewalls—not only keeps homes as much as 15 degrees cooler in summer—but also reduces winter fuel bills up to 40%.

Plaster That Insulates

Zonolite plaster aggregate, used in place of sand, provides fireproof walls and ceilings that insulate against heat, cold and sound. Has four times the insulating efficiency of ordinary plaster—reduces the spread of fire four times as long. Saves tons of needless weight. Resists cracking from settling. You can even drive picture nails into it without chipping walls.

Concrete That Insulates

Makes warm, dry ground floors in basementless homes. Can be covered with conventional floorings. Ideal for radiant heating. Particularly desirable for basement recreation rooms. Ask for details.

The program is sponsored by the Bay Area Schools Television Council, a group of educators from Bay Area school systems. It shows how schools, by vocational guidance programs and in courses which cover subjects such as job opportunities, cooperate in the work of business and industry.

The telecast runs from 1:00 to 1:30 p.m. on Tuesdays. This is the second program sponsored by the School Television Council, "Operation Education," showing school activities and the problems of school administration, is televised each Monday, Wednesday and Friday between 10:45 and 11:00 a.m.

Final Rites Held For Crash Victim

Last rites were held yesterday from Rutherford Funeral Home for Charles Kenneth Brown, 17, of Campbell, victim of an auto crash in which a vehicle driven by John Wayne Ritesman of Hacienda Street went out of control and struck a power pole on Winchester Road Monday. Both Ritesman and Dex Dookery, another passenger in the vehicle, escaped with minor injuries.

According to the Highway Patrol, Ritesman and Dookery claimed the auto's brakes locked and caused it to skid into the pole. The pole was sheared off and two trees in the adjoining orchard were damaged.

Brown is survived by his mother, Mrs. J. M. Brown and four brothers and seven sisters. Interment was at Santa Clara City Cemetery.

Last Rites Held For E. E. Seekins

Final services were held last week for Edwin E. Seekins, 91, former Campbell resident who passed away last Monday in Santa Cruz. He had moved to Santa Cruz two years ago following the death of his wife after a residence in Campbell of 12 years.

He was the father of Mrs. Una Blagdon of Santa Cruz, with whom he made his home; grandfather of four children and great-grandfather of two children.

Rev. Herbert Neale conducted funeral services in Rutherford Funeral Home and graveside services were under the auspices of the Campbell Odd Fellows Lodge. Interment was at Los Gatos Cemetery.

Buc Thinclads To Start Practice On February 4

Buc thinclads will start warming up for the opening of their season when limited practice begins on February 4. Coach Junior Morgan has low hopes for Varsity and B squads, with the C's and D's remaining the unknown quantity.

The varsity will be bolstered by the return of Dennis Dunne, sprinter and broad-jump ace from last year's B team, who placed third in the NCS broad jump. Marvin Allen, returning sprinter and Tony Musladin will give Morgan the basis for what he states should be a good relay team.

The B team will be strengthened by Gary Hoover and Ben Yates in the pole vaulting department and Ed Foglia as a sprinter. Hoover, who weighed in as a C on the cage squad, will probably make the B thinclads, according to Morgan.

The Campbell coach gave little hint as to what he expects from the C and D teams, with most of the workhorses coming up from the freshmen.

Services Held For Jack Illidge

Final rites were held Tuesday for Jack Illidge, 21-month-old son of Mr. and Mrs. William Illidge, who passed away at his Judy Avenue home in Cupertino, January 13. Private services were arranged by Rutherford Funeral Home.

Lumbermen Clip GE Cage Squad

The Santa Clara Lumber cage squad rolled over a fighting General Electric squad in a B league contest on the local courts last week by a score of 48-29. The lumbermen fought a close contest until they caught fire in the final frame to score 20 points while holding their opponents to a mere 8. Santa Clara held a substantial 15-24 lead at the end of the half, but a comeback attempt by G.E. saw the score narrow to 21-28 at the close of the third quarter.

Don Oulette took team honors with a total of 13 digits while Ed Rutherford and Lew Davis led the General Electrics with six each.
